After it's installed the application, the user must only insert DVD or Blu-ray media in order to make it possible to playback in High Definition. User-friendliness is a key feature of the program. In addition to that, it is capable of saving your time and effort as you do not need to burn it to disc or insert it to a drive again and again. It is supported by all current HD DVD and Blu-ray formats. It supports DVD Region 0-7 for playback and Region 1-10 for burning. In terms of performance, it is capable of decrypting HD DVD/Blu-ray content in HD/SD quality and ripping Blu-ray audio and navigation menus. You can copy protected discs to discs or folders, rip audio from a DVD and copy a Blu-ray disc to disc or folder with automatic playback options, thumbnail view, start-point/end-point navigation, pause/play, jump, and fast forward/fast rewind. It also supports de-encrypted Blu-ray discs, DVD copies, and navigation discs. More importantly, it provides title backup in case you lose your disc or disc is damaged. Some of the best features of AnyDVD HD: \* Handles audio DVDs and Blu-ray Discs. \* Supports all HD DVD and Blu-ray formats. \* Rewind/Fast-Forward \* Navigate through both audio and navigation menus with ease. \* Supports de-encrypted Blu-ray Discs. \* Title backup. \* Backups to disc or folder with automatic playback. \* A wealth of other features as well as of course extensive information and screen shots. \* Ranks #1 of all "Best of" downloads on Internet. AnyDVD HD is the leading software that does all the necessary work for you, automatically. After you install the program, you only have to insert a DVD or Blu-ray in order to enable it to play. It will take care of all the difficult parts such as reading menus and converting titles to your region and TV standards. It is widely popular among users all over the world for its ability to decrypt protected discs, rip Blu-ray audio and navigation menus and play back disc with no loss of quality and in both HD and standard definition. With AnyDVD HD, you can play all types of discs that come with Windows, play Blu-ray discs and rip DVD audio and navigation menus as well as 82157476af
